2) PARENTS DAY

“We are committed to providing Quality Education with a mission to strengthen the minds and expand intellect of our students and to empower them with additional skills so that they could accept and face the challenges of the 21st century and also accept the social responsibilities”. To fulfill the mission, our college NSS Unit started celebrating PARENTS DAY every year for giving the message to their parents as their first love. On the occasion of Parents Day various programs like singing, expression of their thoughts, and love for their parents. Also through this program, we try to inculcate the importance of Sacrifice, Beliefs, and Values of Parents in their children, which helps to determine the person they “Grow to be”. A child is like a sponge that absorbs their parent’s thoughts and viewpoints that will stay with them for the rest of their life. Parents frame their position under the guise of “Unconditional Love” for their child. It is also important for a child when he grows up he also expresses his love for their parents. That creates a good bonding between a child and a parent.
