Alumni Feedback Analysis and Action taken report in the A.Y.: 2019-2020

Executive Summary:

A collection of feedback from former students has been made about the facilities, services, and academic resources provided by the ICEEM for both the four-year undergraduate program and the two-year postgraduate program.

The college alumni committee implemented this program to improve the learning environment and assist the student population by utilizing best practices inside the organization.

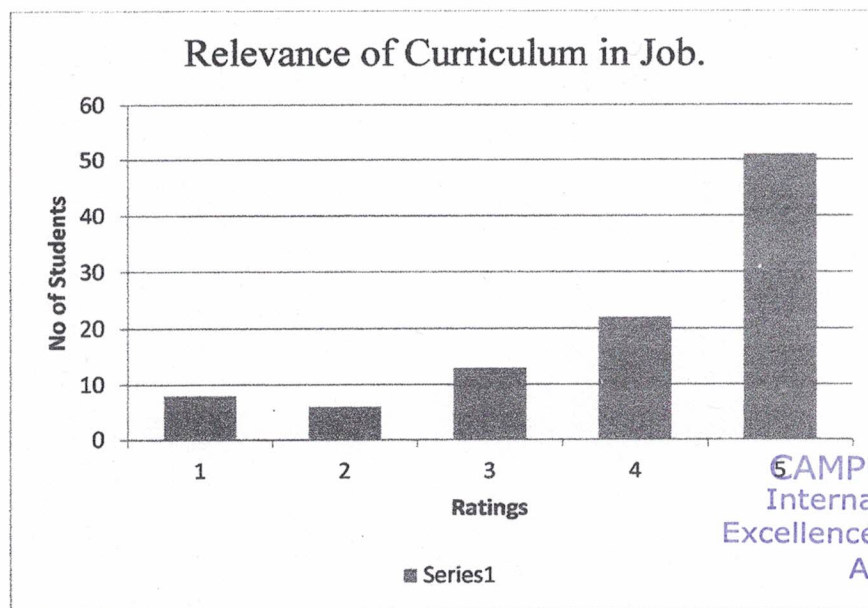

Methodology:

Online approach was employed to get alumni comments. The institution's alumni were given access to the Google form. The questionnaire asked questions concerning extracurricular activities, career opportunities, facilities, faculty performance, quality of education, and overall college satisfaction.

Results:

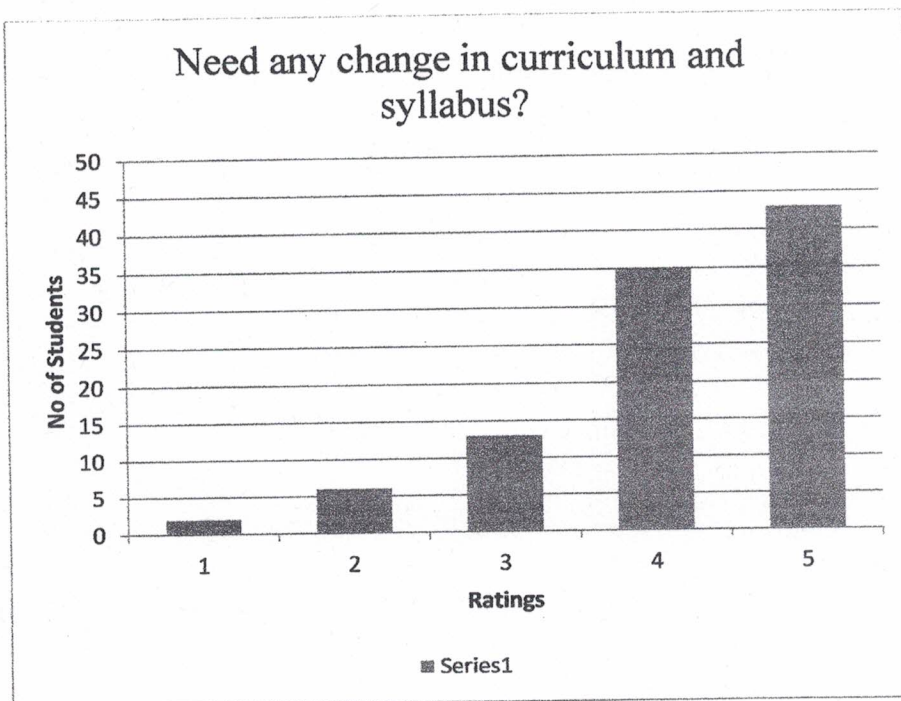

The feedback has been analyzed and converted into graphic representations, as shown below.

Analysis

74% of the replies were in favor. With respect to quality aspects 3, 4, and 5, the alumni responded positively and expressed gratitude. They respected the expertise and teaching approach of the professors. However, a number of former students had concerns regarding the professors' approachability and behavior outside the syllabus. They advised instructors to be more personable and to provide more opportunities for student interaction and communication.

Regarding the placements, favorable remarks were made. Alumni praised the college's level of support and the quality of placements. However, a number of graduates had concerns about the amount of money given and the number of students placed.

Action taken

After conferring with the members of the IQAC, the Director, the IQAC Director, and the heads of all departments reached the conclusion. Students should receive thorough training so they can take part in placement campaigns in an efficient manner.

They need training on how to act more confidently and assertively at GDs and interviews, among other things. In order to assist students become more likable individuals who will blend in with the culture of the global business, the institution has enormous plans in place. Vocabulary building, body language development, accent and pronunciation practice, teaching in fundamental sentence structure, and verbal and nonverbal communication enhancements are just a few of the topics that will be covered in the course.
