

BEST PRACTICE

Title of the practice :

Marathon Lecture Series

Objectives of the Practice:

- To provide participants with comprehensive knowledge that goes beyond surface-level understanding.
- To provide concept clearing & revision
- To boost the confidence of student about subject.
- To encourage and motivate the students for study
- To organize guidance programs from different renowned organization

The Context:

A Marathon Lecture Series is a series of lectures that are held back-to-back without any breaks over an extended period of time. This type of lecture series is typically organized as a way to delve deep into a specific topic or subject matter, allowing for in-depth discussions and exploration of various aspects also helpful as revision of particular subject.

Overall, Marathon Lecture Series provide a unique opportunity for participants to immerse themselves in a particular subject and engage in thought-provoking discussions with experts in the field. They offer a rich and intensive learning experience of deep learning.

The Practice:

The practices of a marathon lecture series would depend on its goals and the subject matter being covered within the time limit. As the name suggests, a Marathon Lecture Series would typically involve an extended period of lectures. This was taken in two sessions, one from 7 a.m. to 7 p.m. and the other from 7 p.m. to 7 a.m. Those day and night slots were chosen by students as per their convenience. The lectures may be structured in a way that allows for breaks and interactive activities to keep participants engaged and focused throughout the extended duration. Additionally, teachers in the field should provide different perspectives and insights on the topic being discussed.

The lecture will focus on reviewing key concepts, addressing any misunderstandings, and providing opportunities for students to ask questions. Also, practical examples and interactive activities will be incorporated to enhance the understanding and engagement of students.

INTERNATIONAL CENTRE OF EXCELLENCE IN ENGINEERING AND MANAGEMENT (ICEEM)

NAAC ACCREDITED

The series typically consists of multiple sessions or lectures that delve into a specific topic or subject matter, allowing for in-depth exploration and analysis. Participants are encouraged to engage with the material through discussions, activities, and assignments to enhance their learning experience.

The marathon lecture series not only helped students prepare for their exams but also boosted their confidence in writing their papers. The guidance provided by teachers during the preparation was invaluable in ensuring that students were well-equipped for the exam.

It is not compulsory to anyone & students are coming voluntarily with the consent /undertaking. No college faculty member is being paid any extra remuneration. The involved teachers are working whole -heartedly for the betterment of students. Teachers must get the proper appreciation, rewards & encouragements for these extraordinary efforts & distinctiveness like IITs & NITs

Evidence of success:

The marathon lecture series not only helped students prepare for their exams but also boosted their confidence in writing their papers. The guidance provided by teachers during the preparation was invaluable in ensuring that students were well-equipped for the exam.

The interactive nature of the lectures keeps students engaged and encourages active participation. This positive feedback has led to an increase in attendance and overall academic performance.

Problem Encountered and Resources Requirement

Mostly girls are chosen slots 7am to 7pm.

REPORT ON

“Remedial classes for EM-I” FIRST YEAR ENGINEERING STUDENTS ON 15-16th March, 2024

Objectives:

- To encourage and motivate the students for study
- To organize guidance programs from different renowned organizations.
- To give the students desired knowledge about the preparation.
- To make aware the students about paper pattern and time management.

Night Study schedule is organized for first year engineering students. First year students who have EM-I backlog in SEM-I, to make aware the students about paper pattern and time management.

Students are motivated, encouraged and guided for the preparation of EM-I. By joining study schedule students will be able to make themselves aware of various preparation levels of examinations.

Under guidance of Prof.S.Kadam Night Study schedule completed successfully

As a result improvement measure, the decision of this activity was approved in the management meeting (dated: 7/3/24) under the Hon. Chairman Dr. Subhash Jhavar sir & in presence of Secretary, Vice chairman & Management Members.

Right Study Schedule

Academic Year: 2022-23 (SEM-II)

International Centre of Excellence in Engineering & Management

Date: 23/03/2024

REPORT ON

“Extra classes for EM-II” FIRST YEAR ENGINEERING STUDENTS ON 21th -22th March, 2024

Objectives:

- To encourage and motivate the students for study
- To organize guidance programs from different renowned organizations.
- To impart to the pupils the necessary preparation-related knowledge.
- To educate the pupils about time management and paper patterns.

The schedule for extra classes is set up for first-year engineering students. Students in their first year who belong to a class in EM-II on a regular basis and who have a backlog in SEM-II should be informed about time management and paper patterns.

Students are motivated, encouraged and guided for the preparation of EM-II. By joining extra classes students will be able to make themselves aware of various preparation levels of examinations.
